Priorities

If there is significant demand for the funding available, priority may be given to SMEs within our catchment area that:

- Have been in operation for 2 years or more;
- “Main street” businesses such as retail shops, restaurants, corner stores, i.e., coffee shops, florists, dry cleaners, auto repair and salons, etc., followed by organizations of strategic importance to the community;

- Have a personal credit history that can be measured to determine your personal financial health. The maximum eligible loan amount will be based on this measure. [Find out more about your credit report and score basics](#);
- Support the government’s commitment to inclusive growth (i.e., women, Indigenous peoples, youth, persons with disabilities, visible minorities, newcomers, LGBTQ2) and Official Language Minority Communities.

Application process

Applications for funding are accepted on an ongoing basis with no submission deadlines, until the Fund is fully committed.

To Apply:

- 1) Complete the Application Form
- 2) Submit the Application Form along with the required attachments to Eileen Brown, Business and Loan Advisor ebrown@trenval.ca
- 3) Your application will be reviewed and you will be advised of the decision.

One Application for funding per applicant is permitted. Multiple and concurrent applications from the same applicant will not be considered.

Electronic signatures will be accepted on all application documents and loan security documents.

Application review

Trenval will review applications as submitted in the order received.

All applications will be subject to a screening process and should be completed in full including signatures of all business owner(s) and all supporting documentation. Incomplete applications will **not** be assessed and will be considered ineligible for funding, however applicants with incomplete applications are permitted to re-apply and need to ensure resubmitted applications are complete including all required documentation, with the understanding that resubmissions will be assessed in the order received.

Complete applications are those that include all prescribed documentation containing all information required for Trenval to complete the review. **Information should be accurate, verifiable, relevant and consistent.** Complete applications will undergo a **due diligence process** where they are assessed against a number of factors.

Assessment criteria include, but are not limited to:

- Impact of COVID-19 pandemic on business operations;
- Availability of other financial supports (e.g., access to credit at a financial institution and other federal COVID-19 measures);
- Viability of the applicant (i.e., ability to repay the contribution);
- Economic benefits of RRRF support;
- Priorities as outlined.

Funding

An interest-free loan that may contain a **condition for partial forgiveness of the loan contribution amount.**

No payments required until December 31, 2022, **but applicant can opt to make payments anytime between January 1, 2021 and December 31, 2022.**

Up to 25 percent forgiveness may be available, provided 75 percent or the total loan contribution is repaid in full by December 31, 2022.

If 75 percent of the contribution amount is not repaid by December 31, 2022, the balance owing will be converted to an additional three-year interest bearing loan at 5% (fixed repayment schedule), beginning January 2023, with no forgivable portion.

The full balance of the contribution amount must be repaid by no later than December 31, 2025.

If an Application for Funding is approved, an Offer to Finance, Promissory Note, General Security Agreement and Personal Guarantee(s) if incorporated will be executed between the Applicant and Trenval Business Development Corporation.

Approved contributions will be disbursed through a single advance payment following receipt of the executed documents.

- Narrative describing how the contribution received has mitigated the impacts of COVID-19 on the SME;
- Number of jobs maintained as a result of the contribution received;

- Confirmation that the SME is continuing its operations; and
